

Hip Conditions in the Young Adult: A Practical Course

May 26, 2018

Course Chair

Dr. Olufemi Ayeni MD, PhD, FRCSC
Director of Sports Medicine Research Program
Associate Professor
McMaster University

Location

White Oaks Conference Centre
Niagara on the Lake
Ontario, Canada

Learning Objectives

By the end of the program, registrants will:

- Have a comprehensive understanding of hip imaging and diagnostic techniques
- Familiarize themselves with strategies that enable the development of clinical practice that involves the management of hip conditions
- Develop an understanding of appropriate use of non-operative interventions and strategies from allied health professionals
- Acquire an understanding of how to formulate a management plan for hip disorders and further their knowledge in hip arthroscopy and other surgical procedures
- Acquire an understanding of current research initiatives in the field of hip arthroscopy and possibilities for collaboration

Please email Nicole Simunovic at simunon@mcmaster.ca to confirm your attendance and registration by April 2, 2018
