**Our goal is to improve access and provide high quality assessments...**

## INTRODUCTION

Infini health is a modern and innovative medical facility that utilizes advanced technology and integrated medical care to treat patients with musculoskeletal disorders.

At Infini Health, our goal is to **improve access** and provide **high quality assessments** utilizing a collaborative approach for patients with bone, joint, ligament, tendon and nerve disorders. We provide effective patient care by continually updating and improving treatments. Our team relies on research and education to support us in achieving high quality results.

Each patient is assessed by advanced practice clinical guidelines, which we use to create efficient clinical pathways. The patients' medical journey is supported by our team at every step. Our approach sees patients maximizing their function, optimizing their potential and improving their quality of life.

Our physicians and healthcare team are recognized leaders in Physiatry, Pain, Anesthesiology, Sport Medicine, Orthopedics, and Radiology. Our Chief Medical Officer leads a team of physicians who are all highly trained in medicine, research, and technology. The medical team has treated professional and elite athletes. We work in partnership with leading medical centres to improve the quality and value of health care. We are rapidly growing our patient base and expanding our clinics throughout Canada.

# OUR PRACTICE'S PHILOSOPHY

Our physicians should have excellent communication and leadership skills. They should be able to collaborate effectively with patients, colleagues or medical professionals.

Our physicians must demonstrate a track record of exemplary clinical service – “going above and beyond.”

Our physicians are encouraged to teach and participate in research.

**We encourage our team to imagine change, create innovation and therefore improve health care.**

Our physicians are encouraged to maintain a work-life balance and community involvement. Philanthropic or civic endeavors will be supported.

**We encourage our team to imagine change, create innovation and therefore improve health care...**

## QUALIFICATIONS

Infini Health is seeking qualified candidates for Physiatry, MSK Medicine, Sport Medicine & Interventional Pain. We are seeking candidates for locations in Alberta, British Columbia & Ontario.

Candidates must be licensed or eligible for license by the College of Physicians and Surgeons of Alberta, British Columbia, and/or Ontario.

**We are seeking candidates with various degrees and levels of experience.**

We support candidates with the appropriate sub-specialty training such as EMG (electromyography), Sport Medicine, Fluoroscopy or Ultrasound Guided Procedures and Pain Management.

Experience in platelet-rich plasma (PRP) injections, stem cells, Botox, soft tissue and trigger point injections, or other interventional pain procedures will be an asset.

**INNOVATION,  
RESEARCH AND  
COMMUNITY FOCUS.  
A PLACE TO LEARN,  
GROW AND IMPROVE  
STANDARDS.**

Building an innovative workplace  
for our colleagues, which results in  
improving patient care.

We invest in our  
community and  
business.

A collaborative culture  
built on inclusion,  
diversity, team  
and respect.

Our strength  
is our people.

We provide  
exponential growth and  
opportunities for our  
physicians.

Investing in healthcare  
methods, facilities and  
technology for enhancing  
clinical care.

**Training to advance and enhance your skills in clinical assessment...**

## REMUNERATION AND BENEFITS

Compensation includes a combination of the Schedule of Medical Benefits (SOMB) fee schedule for the respective province and a service contract agreement. Equity-based and path to partnership available after tenure. We offer numerous benefits, including:

- Full caseload with a predictable volume of referrals; a combination of acute musculoskeletal and clinically challenging cases.
- Administrative team to support patient scheduling and organizational tasks.
- **A turnkey solution** which includes fundamental processes such as billing, protocols and quality assurance without set-up cost and buy-in fees.
- Business, financial, and operational management team, which can provide practice training.
- Access to latest secured technology and collaboration platforms (e.g. EMG, EMR, PACS Systems & Virtual Care).
- Modern, elegant, efficient clinical spaces and procedure suites with multiple support staff.
- Clinics in Hamilton and multiple sites in Calgary; upcoming sites include Edmonton, Toronto and Vancouver.
- **Training to advance and enhance your skills in clinical assessment, orthobiologics, regenerative medicine or interventional (fluoroscopic or ultrasound) pain procedures.**
